

Being a column in which the publisher just "blows off the steam."

By Willard Jones

EARL CROW, whose name a week or so ago appeared in this column, also has become a philosopher and poet, his friends might be surprised to learn.

He submitted the following ode which deserves a spot in this column of sense and nonsense:

We squander health
In search of wealth.
We scheme and toil and save;
Then squander wealth
In search of health.
And all we get is a grave.
We live and boast of what we own—
We die and only get a stone!

MRS. LEON MOORE declares that some of her beautiful plum jelly she canned some time back is the most costly of the condiments in her cabinet—that is, if you count the price of itching and scratching among the costs.

At the insistence of a brother-in-law and sister she was inveigled into gathering some wild plums which make the most beautiful jelly almost one can have.

The brother-in-law warned her that some of nature's finest little chiggers also apparently were out hunting plums, and that she should take proper precautions.

"Ah, shuck," said Mrs. Moore, "the chiggers won't bother me—they never do!"

But the day after the plums were gathered out on the hillside the jelly making began—and between doctoring chiggers and canning jelly, "I had a wonderful time," says the lady. "No more wild plums for me—that is, unless the brother-in-law lays them on my kitchen table."

WE READ the other a good batch of quotations by famous people on minding your own business that impressed us. They are trite and timely...

Any exception to the old wholesome rule, "Mind your own business," is rare.—Mary B. Eddy.

The things most people want to know about are usually none of their business.—George Bernard Shaw.

There is so much good in the worst of us, and so much bad in the best of us, that it behooves all of us not to talk about the rest of us.—Robert Louis Stevenson.

Advertising is one of the few callings in which it is advisable to pay attention to some one else's business.—Howard W. Newton.

Tale bearers are just as bade as tale makers.—Richard Brinsley Sheridan.

As to people saying a few idle words about us, we must not mind that any more than the old church steeple minds the rooks cawing about it.—George Eliot.

DAFFYNTIONS probably not found in anybody's dictionary—but good explanations anyway...

Home: The place where the college student home for vacation isn't.

Efficiency Expert: A man who waits to make up a foursome before going through a revolving door.

Inflation: Something that cost \$5 to buy a few years ago and now costs \$10 to repair.

Chiropractor: A man who makes money hand over foot.

Up-to-date House: One with wall-to-wall carpeting, wall-to-wall windows and back-to-the-wall financing.

Golf: No longer a rich man's game. There are millions of poor players.

The Country Parson

"With all our nuclear progress, man never has been able to make a more destructive weapon than the one he's always had on his tongue."

BUILDING SUN-RAYED—This unusual picture of the setting sun casting its rays through the steel work of this new Midland skyscraper, presents something a bit different in progress type photograph.

Carnival at School Set Saturday Eve

Annual school carnival sponsored by classes at Hamlin High School will be staged Saturday, November 7, from 6:30 until 9:30 in the high school gymnasium, it is announced this week. Parents, other patrons and friends of the school are invited to participate in the evening of fun, feasting and frivolity.

Foursquare Group Slates Revival at Hamlin Church

With Evangelist D. L. McCamish, who is the new pastor of the church doing the preaching, a series of revival services will be conducted at the Foursquare Full Gospel Church beginning Sunday. Rev. McCamish, formerly a full time evangelist for seven years, will be preaching nightly. Among topics to be discussed will be: "How to Pray and Receive the Answer," "Satan's Offer of Compromise," "The Real Reason Why People Go to Hell," "Yes, Pentecostal Baptism With Holy Spirit Is for Today," and "Divine Healing."

Sunday evening, November 15, Rev. McCamish will give personal testimony of outstanding healing God performed in his life, when doctors gave him six months to live with an incurable heart condition. There will be prayer for the sick nightly.

Special music by instrumental and vocal groups will be presented. The public is invited to attend all the services.

On Monday evening a special evangelistic rally for area Foursquare Churches will be conducted, with representatives from Stamford, Knox City, Haskell and Sweetwater.

Rodney Spaulding Sings in ACC Chorus

Rodney Spaulding, senior student from Hamlin at Abilene Christian College, has been selected as a member of ACC's A Cappella Chorus for 1959-60.

After five days of auditioning the 75 students were announced by Vernon Moody, conductor of the chorus, and his assistant, Ervin Daugherty.

Spaulding, a Bible major, is the son of Mr. and Mrs. R. T. Spaulding of 213 North Central Avenue, Hamlin. He is a 1956 graduate of Hamlin High School.

Tommy F. West Gets Promotion in Army

Tommy F. West, 21-year-old son of Mr. and Mrs. Johnny F. West of Route 3, Hamlin, recently was promoted to specialist four in Germany, where he is assigned to the Stuttgart post, according to a release to The Herald.

A quartermaster laundry supply specialist in the post's headquarters detachment, West entered the Army in May, 1956, and arrived overseas in December 1957.

Before entering the service he attended Hamlin High School.

As usual, there will be booths sponsored by each class group of the school, and at 9:30 the climax of the annual show will be coronation of Mr. and Miss HHS. This will be preceded by the cake walk, bingo, sock throw, penny pitching, go fishing, and basketball throw, conducted in booths over the gymnasium.

Preceding the carnival, members of the senior class also will serve a chili supper at the high school cafeteria beginning at 5:30 o'clock. Plates will be 75 cents each.

Committee arranging details of the coronation ceremony is composed of Ann Richey, Bunny Patterson, Nina Jean, Ann Rahjohn, Mary Smith and Gloria Jenkins. The honorees for the coronation will not be announced before the event.

Officers Named by County 4-H Club Council Saturday

Members of the Jones County 4-H Club Council met at Anson on Saturday, October 24, to elect officers for the coming year. Some of the requirements for an officer were to have a 4-H Club project; be between 13 and 20 years of age; be a president or council delegate of his or her 4-H Club.

The following officers were named: Larry Middleton, chairman; Phylcia Roberts, vice chairman; Stephen Haterius, co-vice chairman; Shirley Vaughn, secretary and treasurer; Brenda Rodgers, reporter; Phylcia Roberts and L. C. Middleton, council delegates; Barbara Shuquist and Lester Dalton, alternate council delegates; Mike Holloway, James Wilhite and Lottie Pursell, program committee; Phylcia Roberts, Stephen Haterius and L. C. Middleton, finance committee.

Present for the meeting were Phylcia Roberts, Brenda Rodgers, L. C. Middleton, Larry Middleton of Anson; Lana Cox and Shirley Vaughn of Hawley; Lottie Pursell and James Wilhite of Lueders; George Bond of Hamlin; David Lundgren and Stephen Haterius of Ericksdahl; and Terry Touchstone of Noodle.

Mrs. C. C. Prater Wins Appreciation Award

Mrs. C. C. Prater of Hamlin won the treasure chest prize Saturday afternoon Appreciation Day drawing. Her 20 per cent coupon was worth \$100.

Consolation prizes were furnished by Buddy Wells Gulf Service Station, Tommy's Flowers and Fannin's Conoco Station.

Primitive Baptist Church Will Be Dedicated Sunday

Special dedication of the new house of worship for the Primitive Baptist Church will be a feature Sunday morning, announce members of the congregation. The new edifice, completed recently at 600 Northeast Avenue A, has been under way for several months. In the meantime the congregation has been meeting at Doyle church, five miles northeast of Hamlin.

Special services will be conducted at the church over the week-end beginning Friday evening and continuing through Sunday evening.

Sunday afternoon there will be an ordination service, at which Alton Mayfield will be ordained in the office as deacon.

The services for the week-end evening.

Members of the congregation express gratitude to people of the community who have assisted the church group in assembling materials and building the new place of worship.

Attendance Total at City Sunday Schools Shows Sharp Decline

A slump in total attendance was recorded by Sunday Schools of the 12 reporting churches of Hamlin Sunday from the previous week. The 1,136 total for Sunday was 185 less than the previous Sunday and 134 less than the year ago figure.

Attendance, by churches, for November 1, October 25 and a year ago follows:

Churches—	Nov.	Oct.	Year Ago
Ch. of Nazarene.....	72	75	95
Foursquare Gospel.....	49	54	66
First Methodist.....	192	210	196

VISITS FROM MONTANA

James Tate May, connected with the Union Oil Company at Billings, Montana, has been visiting for several days in the home of his parents, Mr. and Mrs. Tate May. He says snow was on the ground when he left Saturday for Texas.

INTENT SPECTATOR—Dr. Harold Eldinoff, El Paso physician, is shown in Lubbock as he avidly watches proceedings in his sanity hearing. Dr. Eldinoff, who appears in court each day attired in beard, Western boots and striped sweater, is charged in the shooting death of Ted Andress, well known attorney of El Paso.

LATEST IN NUT CRACKERS—San Antonio Zoo Director Fred Stark has found a unique method of cracking pecans. Just give them to Wattie, the pachyderm pecan cracker. The elephant has a light touch, according to Stark.

Oil Well Activity Continues At Lively Pace in Hamlin Area

Rev. Robb Will Lead in Methodist Revival Services

Rev. Edmund W. Robb, pastor of the church, will do the preaching in an eight-day series of evangelistic services beginning Sunday at the First Methodist Church.

Robb, who is serving his third year in the local pulpit, is recognized as one of the strongest preachers of the denomination in this section of the Northwest Texas Methodist Conference.

Services during next week will be conducted at 7:00 a. m. and 7:30 p. m. each day except Saturday morning. Regular times will be observed at the Sunday services, 11:00 a. m. and 7:30 p. m. Rev. Robb and members of his congregation invite the public to attend and participate in the series of services that will continue through Sunday, November 15.

IPPA PREXY—Alvin C. Hope of San Antonio was named president-elect of the 7,000 member Independent Petroleum Producers Association. He will succeed Judge Gordon Simpson of Dallas.

James E. Hagler Leaves for Duty in Antarctic Region

First Lieutenant James E. Hagler, son of Mr. and Mrs. E. E. Hagler of Route 3, Hamlin, has departed from New Zealand for duty in the Antarctic continent, according to a release to The Herald from Donaldson Air Force Base, South Carolina, which is conducting Operation Deepfreeze V, from Christchurch, New Zealand.

Young Hagler is a pilot with the Air Force task unit on Operation Deepfreeze V.

The local man was one of 400 MATS men from Donaldson Air Force Base selected earlier this year for duty on Operation Deepfreeze V. Until his recent flight to McMurdo Sound, he served in Christchurch, New Zealand, with the Air Force task unit for the Antarctic operation.

Hagler will continue to serve overseas with the Ninth Troop Carrier Squadron, this year's Air Force task unit for Deepfreeze, until the Antarctic air drops are completed in mid-December.

Five New Projects Highlight Week's Activity in Area

Five new projects, and two pluggings highlight the oil picture in the Hamlin territory for the past several days. The new wells are part of a continuing increase in explorations in the territory begun several weeks ago.

W. M. and A. P. Fuller of Midland staked No. 1-A I. S. McMillan as a proposed 6,600-foot rotary project nine miles north of Hamlin in Stenslow County. The drillsite is 660 feet from the south and west lines of Section 20, Block U, T. & P. Railway Company Survey. Location is 2,000 W. Z. Rutherford, a recent Ellenburger discovery.

A Fisher county project nine miles west of Hamlin is the Abilene No. 1 W. A. Polk, spotting 467 feet from the north and east lines of Subdivision 15, J. Luce Survey, one mile west of Royston. R. R. Bloomer & Skinner Corporation of Abilene staked No. 2 W. V. Walton in the Hamlin North (Swastika) Field, four miles north of Hamlin. Location spots 1,400 feet from the south and 467 feet from the west lines of Section 20.

See OIL ACTIVITY—Page 3

4-H Club Achievement Banquet Slated Next Saturday at Anson

Jones County 4-H Clubs' second annual achievement banquet will be held in the high school cafeteria at Anson on Saturday night, November 14, at 7:30 p. m., according to an announcement this week from the home demonstration agent, Mary Y. Newberry, and county agent, Kirby Clayton. Awards will be made to 50 outstanding Jones County 4-H Club members at this special achievement program. Parents of the award winners are also invited to attend the banquet.

Leon Thurman of Anson, state representative of the 84th Texas District, will be the principal banquet speaker, it is announced.

Moisture Is Fine For Grains, But Slows Cotton Crop

Hamlin territory still seems to be a wet country, although actual figures belie conditions. Ask the average fellow on the street and he will tell you that 1959 has been one of the wettest years in the history of the county—but rainfall has been only about the annual average so far.

Rainfall over the week-end, that kept cotton harvesting almost at a standstill, totaled 1.53 inches, according to the government rain gauge at the city pump station maintained by Bill Rountree. Rains last Friday measured .91 of an inch, 1.4 of an inch on Saturday, .03 of an inch Sunday, .04 of an inch Monday, and .47 of an inch Tuesday.

October rainfall measured 5.90 inches, compared with the 18-year average at Hamlin of 2.17. Total rainfall for the year now measures 18.84 inches, which is about normal for this time of the year. The annual average rainfall according to government records is 22.74 inches.

While the recent rains have almost stymied the harvest of the about-average cotton crop in the territory, the small grains crop is thriving with the moisture. A good portion of the grain acreage in the region had been planted before the rains, and is now in the "pink" of condition. It will afford much winter grazing as soon as things dry up enough to put cattle on the fields.

Lions Club's Broom Sales Total \$865.25

Total sales in the one-day campaign of "broom peddling" by the Hamlin Lions Club Tuesday were tabulated Wednesday morning at \$865.25, according to Donley Williams, club president.

The local club receives a percentage of the sales, Williams declares, which will be used for local work among people with deficient eyesight. The articles sold are made by the Lighthouse for the Blind in Fort Worth.

Fruit Trees Blooming In Hamlin Territory

Although some of the recent near-freezing days have indicated that winter is just around the corner, some fruit trees and other vegetation in the Hamlin area think it is springtime.

A pear tree in the yard of Mr. and Mrs. L. B. Petty, 237 Southwest Avenue B, has been blooming like nobody's business, and other trees and shrubs in the area likewise have put on new leaves and buds.

Who's New This Week

Mr. and Mrs. Ray Davis of Greenville are announcing the arrival of a daughter, born on October 22. Weighing seven and one-half pounds, she was named Margot Aletha. Maternal grandparents are Mr. and Mrs. LaFoy Patterson of Hamlin.

Three new citizens have been recorded at the Hamlin Memorial Hospital since last week's report in The Herald. Two boys and a girl, they are:

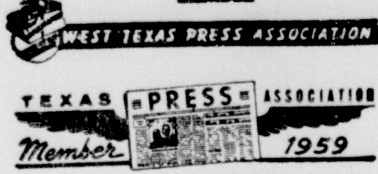

A boy for Mr. and Mrs. Manuel Granados was born October 23. Weighing six pounds four ounces, the little muchacha was named Gilberta Garcia.

A girl was born to Mr. and Mrs. R. D. Ruffin on October 30. The little miss, who tipped the scales at eight pounds two ounces, was labeled Thelma Deniece.

COTTON ROOT ROT IS WORTHY OF ATTENTION

This season many farmers in the Hamlin region have seen as much as 10 to 30 per cent of their cotton acreage ravaged by root rot. By virtue of this killing agent thousands of bales of cotton will have been lost. Certainly the suffering growers believe it is high time to be doing something about fighting this cotton killer that has cost so much.

One of the most destructive cotton diseases in Texas is cotton root rot. It is not unusual for over 50 per cent of plants in a cotton field to be killed by the disease in certain areas, say extension service specialists. On an average, the per cent yield reduction in cotton is approximately equal to half the percentage of plants killed. In some wet areas, the disease reduces the potential average yield by 25 per cent in the Blackland Prairie.

Dr. L. S. Bird, associate professor of plant pathology of Texas A. & M. College, says that many years of research have found six practices a farmer can use to reduce root rot losses. They are: Deep plow badly infected areas, grow resistant crops in rotation, turn under large tonnages of organic matter, produce early cotton, fertilize properly, and avoid excessive planting rates.

A combination of these practices carried on for a number of years is necessary for best results, Bird says. Where recommended practices have been carried on for a number of years is necessary for best results, Bird says. Where recommended practices have been carried out over a period of years, root rot was reduced from 75 per cent to five per cent or less. Combinations of practices to use vary in different areas of the state, he added.

Cotton root rot occurs over all of Texas except the Panhandle and High Plains. It also occurs in Mexico, New Mexico, Arizona, California, Oklahoma, Arkansas, Nevada, Utah and Louisiana. It is prevalent in highly fertile, calcareous, alkaline soils. The disease flourishes with moderate moisture and is suppressed under very dry or very wet conditions. It is also unable to survive where the lowest temperatures are 10 degrees below zero.

Bird and Extension Specialists Harlan Smith and Fred Smith are authors of a new publication released by the Texas Agricultural Extension Service titled "Root Rot Losses of Cotton Can Be Reduced." This publication is available from local county agents or the Agricultural Information Office, College Station, Texas. Ask for MP-361.

Taxes Influence Values

As farm and ranch owners of the Hamlin territory will attest, property taxes are a fixed cost for the farm or ranch owner. In modern commercialized agriculture this tax bite may be a significant item affecting the final figure drawn down as net income or loss. In 1958 property taxes amounted to an average of 38 cents per acre for the state, a total of \$53,000,000. In 1945 the average tax was 21.6 cents per acre.

About one-half this tax bill was accounted for by school district levies, reports Robert G. Cherry, extension agricultural economist. The remainder went for support of county and state governments and to special districts such as water, drainage and navigation districts. Levies by the state government are now a minor part of the total.

When viewed as a percentage of gross receipts, these real property taxes accounted for about 2.2 per cent of the total gross income. As a percentage of net farm and ranch income, however, the figure is much higher—amounting to 6.7 per cent.

Traditionally, economists have always considered that land taxes are "capitalized" in land values, meaning they reduced the value of land in proportion to their effect on earning capacity. In modern times, however, citizens place high values on schools, roads and other services which the taxes support. Consequently, adds Cherry, taxes may indirectly work in the opposite direction by influencing land prices upward instead of downward. In 1958 the increase in real estate values slightly exceeded the increase in taxes on a national basis.

Nuggets of Thought

Some people grow under responsibility, others merely swell.—Carl Hubbell.

Every person is responsible for all the good within the scope of his abilities, and for no more, and none can tell whose sphere is the largest.—Gail Hamilton.

Solitude, the safeguard of mediocrity, is to genius the stern friend.—Ralph Waldo Emerson.

A man's good breeding is the best security against another's bad manners.—Chesterfield.

Music is the fourth great material want of our nature—first food, then shelter, then music.—Bor-

One More Round

Of the many statements made by the late James J. Corbett during his colorful career, one is pre-eminent. "What," someone asked him, "is most important for a man to do to become champion?" And Corbett replied: "Fight one more round."

Corbett was champion of the prize ring, but there have been champions in other fields, and the same has held true of them. They have been able to fight "one more round."

Thomas Edison, seeking a proper filament to light his incandescent lamp, failed month after month—but one day his efforts met success, and the world was presented with the electric light. He had fought "one more round."

S. N. Behrman, one of America's outstanding playwrights, turned out manuscripts for 11 years before he finally sold his first play. Fannie Hurst wrote more than 100 stories before one was accepted. Somerset Maugham was a failure for 10 years, earning \$500 in all that time. A producer, needing a play to fill in while he was looking around, dug Maugham's forgotten "Lady Frederick" out of a desk drawer. Maugham became the toast of London.

Editorial of the Week

SURE RELIEF FROM TENSIONS

We like to think that we are living in a highly civilized and very advanced world. We point with pride to all the things we have that make for "better living" that our forefathers never enjoyed. Yet in almost any newspaper you can read of broken homes, murder and a whole host of crimes that make your blood run cold.

This is a rather sad commentary on our way of living in this so-called "enlightened age." We cannot help but wonder if human nature has changed at all through the centuries. We doubt if it has.

If you read the Old Testament of the Bible you will see recorded many murders and other sins of all sorts. The world was in a constant state of war. People were restless and full of tensions.

The prophet Isaiah gave them a prescription to help them. If you are interested, you will find it recorded in the third verse of the twenty-sixth chapter of the Book of Isaiah. A sure relief from tensions.—Dublin Progress.

RECALLING Other Years

☆ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

THIRTY YEARS AGO.

From the files of The Hamlin Herald dated November 1, 1929, the following bits of news of the Hamlin community 30 years ago are reproduced:

Art work of James Tarlton (Pete) Tidwell will be displayed in Hamlin this week-end at the Offield Furniture Store.

M. J. Johnson, auditor of the Hamlin & Northwestern Railway, who was stricken with ptomaine poisoning Monday, is reported doing well at his home in Hamlin.

Since the coming of sound pictures recently to Hamlin, the Palace Theater has had some difficulty with the sound, but now patrons have been assured the difficulty has been remedied.

The Stamford Bulldogs defeated the Hamlin Pied Piper gridsters 28 to 0 last Friday.

Martin Middlebrook of Stamford has accepted a position with the Hassen store in Hamlin.

Mrs. Fred Carpenter and Mrs. C. H. Crabb and baby returned Monday from Leonard where they had spent 10 days visiting relatives.

TWENTY YEARS AGO.

Among news of goings-on in the Hamlin community 20 years ago were the following, reprinted from The Hamlin Herald dated November 3, 1939:

Benham's Dairy and Brown's Dairy make the following announcement: Owing to advanced costs of dairy feeds, it is necessary to raise the price of milk to seven cents per pint and 12 cents per quart for fresh sweet milk.

Rev. Bradley Allison, pastor of Riverside Baptist Church in Fort Worth, was here Monday and Tuesday visiting his uncle, John C. Turner, and Mrs. Turner.

Mrs. W. T. Cherry and sons, Donald, Bill and Jimmy, of Slaton came down Saturday to visit with friends.

Mr. and Mrs. L. L. Fannin and grandson, Wendell Fannin, of Odell came Tuesday to visit P. F. Fannin and family and Jess Miller and family.

Hamlin Pied Pipers downed the Aspermont Hornets 27 to 0 in a football game Friday afternoon.

Mr. and Mrs. C. P. Amerson are building a fine new farm home east of Hamlin.

Meddie Mae Bynum came up from Fort Worth and spent the week with her parents, Dr. and Mrs. J. T. Bynum.

TEN YEARS AGO.

Bits of news about happenings in the Hamlin community 10 years ago include the following, taken from The Hamlin Herald dated November 4, 1949:

Iron posts for the street markers in Hamlin being erected by the Hamlin Rotary and Lions Clubs are going up in the city this week.

Jo Anne Lee, 20, of Lubbock, former resident of Hamlin, was killed several days ago in a car wreck near Lubbock, local friends have been advised.

Pied Pipers defeated the Snyder Tigers 40 to 19 in a football game last Friday to hold the District 6-A lead.

Approximately \$2,000 in bonds for improvements at the HHS football stadium have been sold, declares I. R. Hutchinson, superintendent of schools.

FIVE YEARS AGO.

News briefs about events in the Hamlin community of five years ago, taken from The Hamlin Herald dated November 5, 1954, include:

More than 1,000 feet of new water mains are being installed in Northwest Hamlin by the city.

New additions to the Fred B. Moore Grain Company elevators began this week. The additions will give the plant storage capacity of more than 500,000 bushels.

A county-wide drive on rats is planned to begin next week under the direction of Bill Lehmberg, county agent.

ONE YEAR AGO.

Among items of interest in the community one year ago were the following, condensed from The Hamlin Herald dated November 6, 1958:

Shortage of cotton pulling labor in the region is slowing down harvest of cotton. Only 2,400 bales had been ginned at Hamlin and Neinda by Wednesday.

Road projects in the area—from Hamlin to Old Glory and from Hamlin to Stamford—are under way.

Offices of the Hamlin Board of Community Development have this week been moved from upstairs in the city hall to the Carmichael building next to the post office.

Records of Social Security Accounts Easily Checked

While the Social Security Administration has the responsibility for maintaining approximately 126,000,000 earnings records, J. H. Austin, field representative of the Abilene district office pointed out today that it is the responsibility of each individual social security card holders to check his record periodically to make sure it is correct.

Austin also stated that everyone should check his social security record at least once every three or four years. In most instances the social security records become final and not open to adjustment after three years, three months and 15 days from the end of the taxable year for which the earnings were reported. There is another point to be considered—the sooner an error is found, the easier it can be corrected. This applies to everyone whether he is working in his own business or for someone else as an employee.

Austin declares that the manner of checking a particular record is simple. Just ask your social security office for postcard form 7004, fill in the blanks and drop it in a mail box. The form is a self-addressed postcard. In about two weeks you will receive a statement showing the total earnings credited to your social security account. It will also show a yearly breakdown of your credited earnings for each of the past three full calendar years. If, after receiving this statement, an error is noticed, get in touch with your social security representative. He will be glad to help correct your account.

Austin stresses the fact that your social security benefits will depend on this record of your earnings. Social security is a valuable insurance for you and your family, so don't delay. Get form 7004 from your local social security office or from Austin when he is next in Hamlin, and check your social security record.

VISIT FROM LEVELLAND.

Cecil Elvens and family of Levelland spent the week-end with Mrs. Elvens' parents, Mr. and Mrs. W. B. Cotten.

KNABEL JEWELERS

Quality Watch, Clock and Jewelry Repairs

FAST, EFFICIENT SERVICE

238 South Central Avenue

\$1.75 Continues as Wage for Area Pullers

Prevailing wage for cotton pulling in the Hamlin territory continues at \$1.75 per 100 pounds, according to the report of the regional office of the bureau of employment security at Dallas, in a release this week to The Herald. The report covered the period October 19 through October 23.

These wage findings, says the report, will be of interest to employers who have contracted Mexican national workers in connection with their cotton harvest.

HAD IT FIGURED.

The two little boys who were lost in the wood were found just at dusk by a ranger who started to take them home.

"Oh please, Mr. Forest Ranger," pleaded the older, "don't take us home until it's completely dark."

"But why, little one?" inquired the officer.

"Because if you take us home now we'll be punished for getting lost, but if we're not home when it's dark they'll notify the police, and announce it on the radio, and then when we get home they'll be so glad to see us that they'll give us candy and won't even scold us."

Freight Carloadings For Santa Fe Decline

Freight carloadings for the Santa Fe Railway System for the week ending October 24, 1959, were 29,615 compared with 29,891 for the same week a year ago, reflecting a slight decline. Cars received from connections totaled 11,589 compared with 12,669 for the same week a year ago.

Total cars moved were 41,204 compared with 42,560 for the same week a year ago. Santa Fe handled a total of 39,760 cars in the preceding week this year.

CLOSED Veterans Day Wednesday, Nov. 11

Although we no longer refer to November 11 as Armistice Day, but now call it Veterans Day, we want to pause amid the rush of business to pay homage to those of our boys who made the supreme sacrifice in past world wars. We enjoy as a heritage the principles for which they died.

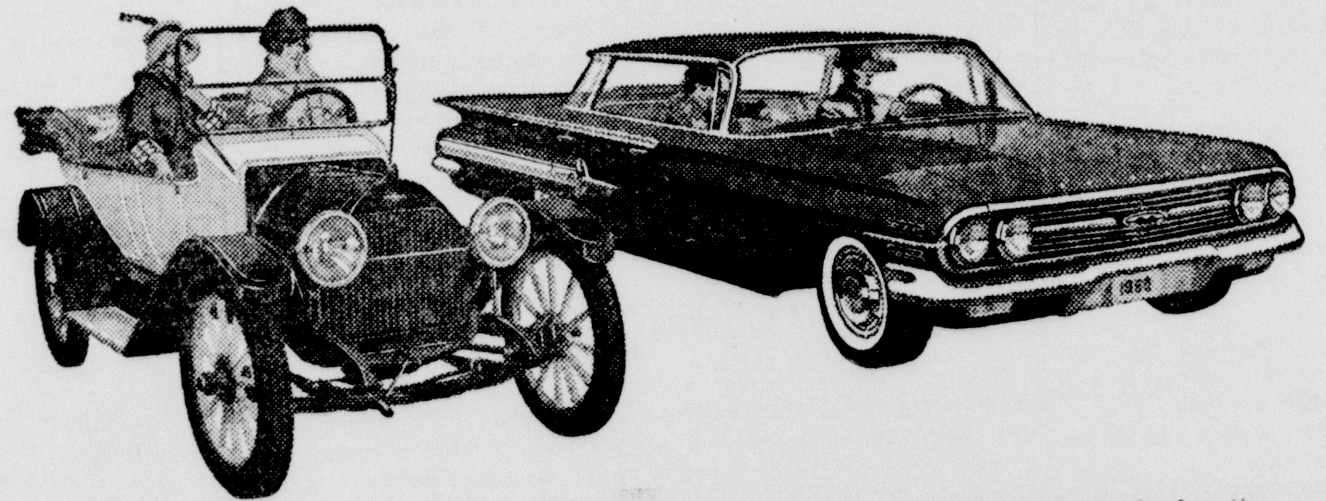

In observance of Veterans Day this bank will be closed next Wednesday. Those having dealings with the bank will please arrange their transactions accordingly.

"Solid As A Rock"

Farmers & Merchants National Bank

(Although this is addressed to Chevrolet owners, we'd be glad to have you read it, no matter what make you now own or plan to buy. It might well be as interesting and significant to you as to the Chevrolet owner.)

TO THE MORE THAN 16 MILLION PEOPLE WHO OWN CHEVROLETS

The first and the latest—the 1912 and the 1960 Chevrolet. The progress represented here is the result of continuing efforts to make your new Chevrolet always more beautiful, more useful and more valuable in every respect.

You belong to the largest family of owners in the automotive world.

We hope you're proud of that. It must give you great satisfaction to know that your judgment in choosing Chevrolet has been confirmed by so many other people.

We know that we can hold your preference and your loyalty only by meeting our responsibilities to you fully and completely from the day you buy your Chevrolet to the day you trade it in. And so we'd like to talk with you about our responsibilities as we see them, and what we are doing to meet them.

Our first responsibility, we think, is clear: To design and build products that satisfy your needs and your wants to the highest possible degree. To that end, we have done these things for 1960:

Made the 1960 Chevrolet more economical, roomier, more quiet and comfortable, easier to handle and maneuver.

Introduced the compact and revolutionary Corvair. Produced a new line of Chevrolet trucks with unprecedented advances in efficiency, cargo handling, driver comfort and ability to get a job done.

But it isn't enough to design and build the kinds of products you want. They must be built right. Solidly. Carefully.

Let us assure you of this: Chevrolet's fine reputation as a solid, well-built, dependable product is being safeguarded by more checks and inspections and tests, than ever before.

Along with your Chevrolet dealer, we want you to have available the finest and most complete service facilities. That is why we conduct training schools for Chevrolet dealer mechanics. Study and recommend im-

proved service equipment and techniques. Maintain the industry's most complete parts warehouse system.

Finally, neither Chevrolet nor your Chevrolet dealer has any intention of forgetting you after you buy. To help keep you happy with your Chevrolet, we have established a department new to us, and so far as we know, new to the automobile industry. This is the Chevrolet Department of Owner Relations, whose only job is the coordination of Chevrolet and Chevrolet dealer activities so that you enjoy utmost satisfaction during your entire period of ownership. Through this department, and through all the other extraordinary steps we are taking, Chevrolet and your Chevrolet dealer hope to keep you a happy member of the Chevrolet owner family.

Lions Club's Sale Of Brooms Helps Work With Blind

Program period at the Tuesday noon luncheon meeting of Hamlin Lions Club, meeting at the oil mill guest house, was taken up by making assignments for the sale of brooms, mops and other articles made by the Lighthouse for the Blind. The one-day sale was conducted as an annual affair by the local club.

Funds realized from a share of proceeds of the sale are used by the local club to foster work by the Hamlin Lions among people in the community with deficient eyesight, it was pointed out by Donley Williams, president of the club.

A quick campaign in the business and residential area of Hamlin was conducted Tuesday by the Lions Club membership.

It was announced, incidentally, by Williams at the Tuesday luncheon that the club recently has purchased several pairs of glasses and is now paying for treatment of eyes for a Hamlin Primary School student.

Grover Sipe was a guest at the luncheon meeting.

A woman shouldn't tempt her husband to lie by asking him embarrassing questions.

Butch Boyd Named FHA Beau by High School Chapter Unit

Having given just thought and consideration to the qualities and accomplishments in outstanding work as a member of the Future Farmers of America, the Hamlin High School chapter of the Future Homemakers of America last week elected Durwood (Butch) Boyd as their beau for 1959-60.

In the school assembly last Thursday, Montie Wade, president of the FHA group, announced the organization's choice and presented him with a gift as a token of their admiration.

Saturday morning the FHA girls were putting into practice their sales talks at their annual cake sale downtown in front of McDonald's and across the street. Many Hamlin community residents ate brownies, cakes and pies for lunch that day. More than \$100 was realized from the sale of cakes, and the funds will be added to the FHA treasury.

EXPERT OPINION.

The city fellow was taking a short cut across a farm pasture when he spied a large red bull in the same field.

"Say," he shouted to a farmer working in a neighboring field, "is this bull safe?"

"Wal," drawled the farmer, "offhand I'd have to say he's a whole lot safer than you are!"

IT FITS PRETTY WELL, GOVERNOR — President Adolfo Lopez Mateos (right) tries on Governor Price Daniel's Western hat as the president paid his respects at the governor's mansion in Austin shortly before the Mexican president and his party left on a return flight to Mexico.

Contest for DePriest School Queen Heated

Spirited rivalry is being created by representatives of the classes at DePriest Colored School in the contest to name the annual School Queen, declares J. I. Starr, DePriest principal.

Votes are being sold by students of the various classes to friends and relatives. For the 25-cent tickets, votes will be counted, and ticket holders will be entitled to a clock radio, to be given away at the school December 21.

OIL ACTIVITY

(concluded from page one)

tion 3, Texas Central Railway Company Survey.

Ohio Oil Company No. 2-A Dr. W. C. Weir Estate was spotted 13 miles north of Hamlin in Stone-wall County. Permit depth applied for is 4,800 feet with rotary equipment. Drillsite is 1,400 feet from the south and 467 feet from the east lines to T. Tate Survey.

B. A. Duffy of Abilene No. 3-A W. C. Matchett was staked five miles northeast of Hamlin in the Hamlin North (Swastika) Field. Slated for 3,650 feet with rotary equipment, it is located 1,750 feet from the north and 1,979 feet from the east lines of Section 177, Block 1, B. B. B. & C. Railway Company Survey.

A Mitchell Belchic and J. W. King Drilling Company of Abilene plugged at 3,383 feet their No. 2 Ida B. Martin, wildcat two miles east of Hamlin. The project was bottomed in the Swastika sand, which had returned shows of oil on drillstem tests but proved to be non-productive.

Plugged at 3,543 feet was Roark & Hooker of Abilene No. 1 L. T. Malone, wildcat three miles northeast of Hamlin in Section 156, B. B. B. & C. Railway Company Survey.

If you want to get the correct slant on somebody observe what he does when he has nothing to do.

Mettie Whiteley, Early Day Settler, Passes Recently

One of Hamlin's early day citizens, Mettie Pearl Whiteley, who died October 17 at Sweetwater, was buried Sunday afternoon in the Hamlin East Cemetery. She was 73 years of age, and had been a resident of the community since 1907.

(Information about her passing was not available then, hence the delay in carrying the story in The Herald).

Born July 20, 1876, at Sparta, Texas, Miss Whiteley was the daughter of Captain and Mrs. John R. Whiteley. She was a member of the First Methodist church of Hamlin. She had been ill about four years.

Funeral services were conducted at the Hamlin Funeral Home Sunday, October 18. Officiating was Rev. Edmund W. Robb, pastor of the First Methodist Church.

Burial was in the Hamlin East Cemetery under the direction of Hamlin Funeral Home. Pallbearers were Arlie Cassle, Clarence Bailey, Elmer Feagan, Wesley Nail, Everett Crow and A. Hudson.

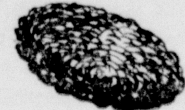

The pioneer is survived by one niece, Mrs. Paul C. Creekmore of Houston.

DOMESTIC DOINGS.

"My wife," said Sam, "talks to herself."

"So does mine," confided Bill, "but she doesn't know it—she thinks I listen!"

Visiting in the W. B. Cotton home last week-end were their son, Wayne, and family from Lake Charles, Louisiana.

It's so inexpensive to cook the modern electric way. The average family served by WTU can cook a complete meal the easy, fast electric way for less than three cents (3¢).

If you're like most homemakers, you'll agree to this: seeing your family sit down to a delicious dinner is one of the biggest thrills any woman can have. But—how often can you really enjoy it, when you're tired out, exhausted, after hours of battling with a balky, old-fashioned stove. Well, if that's your situation, get ready for something wonderful to happen—to you! Just start cooking with a modern, automatic electric range. Here's cooking that's faster, easier, cleaner—a range that does the work for you, turns itself on and off so that you don't even have to watch the food cook. You'll find that you'll enjoy dinner, too, along with the rest of the family. This is really living better—and cooking better—electrically. See the new automatic electric ranges on display today at your electric appliance dealer.

"Where Quality Reigns"

Hamlin, Texas

THESE ARE SOME OF THE NUTS, BOLTS AND SCREWS THAT WERE NOT PUT INTO THE BODY AND FRAME OF THE 1960 PLYMOUTH.

They can't loosen and rattle because they're not there. Instead, Chrysler engineers now bring you Dura-Quiet Unibody: a body and frame that's a single unit welded around 5400 times for super strength. You will feel and hear the difference the first mile you drive the Solid Plymouth for 1960.

Expect a pleasant new experience when you first try the '60 Plymouth. What happened to the "car sounds" you used to think were normal? They're gone, in the new Solid Plymouth. They

were built out of it from the start. And they won't appear later to haunt you, because this car is built to stay quiet for a long, long time.

Quiet durability is only one of the advantages of solid Unibody construction. You'll notice unusual new comfort as well, and new handling ease.

We think this is the best built, best performing car in the low-price class. Try it and see what you think.

Built a new solid way to give you solid satisfaction

Good Nutrition in Family Meals Vital To Health Especially in Wintertime

Health nutrition is a year-round job. But, as cooler weather comes to Texas, it becomes increasingly important to guard against falling victim of "winter susceptibility," declares a release from the Texas State Department of Health to The Herald.

There really isn't any such term, but the fact of the matter is that bodily resistance may be

lessened during fall and winter. For this reason it is smart to observe, more than ever, the rules of good nutrition.

The well fed family receives the basic foods in their daily diet. Food rich in protein should be served at every meal.

Meat, fish, poultry, eggs and milk (including milk products like cheese and ice cream) are the best sources of high quality protein. Other sources are cereals, peas, beans and nuts.

A green or yellow vegetable should be served at least once a day. These contain essential vitamins and minerals.

Because it cannot be stored in the body, vitamin C (from citrus fruits, tomatoes and other fresh or processed fruits and vegetables) is needed every day.

With the addition of these to round out meals according to tastes and appetites, the well fed family is provided with all the nutrients needed for health and growth.

Breakfast is probably the most important meal of the day because you have gone without food for such a long period of time. One-third of our daily diet must be eaten at breakfast.

Breakfast is essential to children. Fruit, meat or eggs and cereal and bread and butter and milk should be included in every breakfast.

Three good meals a day will go a long way toward keeping you fit through fall and winter and all year long.

North Central Church Training Union Group Meets Friday Evening

Six members were present at the gathering of the Phillips Training Union group of the North Central Avenue Baptist Church last Friday evening when they met in the home of Mr. and Mrs. Robert Rhoton Sr.

Mrs. T. M. Harrell called the meeting to order. Mrs. D. A. Mullings gave the opening prayer. A short business session was held. Robert Rhoton brought the devotion, and Mrs. V. Madden said the closing prayer.

A Hallowe'en theme was used for the table decorations for the social hour that followed.

Next meeting of the group will be in the home of Mr. and Mrs. D. A. Mullings on December 4.

Good Neighbor Club Met in McCoy Home

A program on "Family Celebrations of Special Days: Anniversaries, Birthdays and Holidays" was given by Mrs. Elmer Joiner when members of the Good Neighbors Home Demonstration Club met in the home of the president, Mrs. J. E. McCoy, on October 27 with six members and one new member, Mrs. Ester Hastings.

Plans were made for the Thanksgiving supper to be held at the oil mill guest house in Hamlin for club members and their families. This will be on Tuesday, November 10, at 6:30, instead of the regular meeting.

Hallowe'en Party Enjoyed by Ruth SS Class Group Tuesday

An entertaining Hallowe'en party was enjoyed by members of the Ruth Sunday School Class of the North Central Avenue Baptist Church Tuesday afternoon of last week in the home of Mrs. Geneva Cross.

Mrs. V. Madden led the opening prayer. Mrs. L. H. Clark led the class song, "Amazing Grace." Mrs. Jessie Patterson greeted the guests at the door in a witch costume. Mrs. Bill Stewart gave the class report. Mrs. Harold Lee gave the devotional on "When We Reach the Other End of the Rainbow."

Refreshments were served to the following attendants: Mmes. Barney Smith, H. L. Clark, G. B. Phillips, T. M. Harrell, Jessie Patterson, Harold Lee, Vic Goodgame, D. A. Mullings, V. Madden, Bill Stewart, Sid Clay, N. A. Putnam, Floyd Wallace and Geneva Cross. Mrs. Harrell dismissed the session with prayer. Next meeting of the class will be with Mrs. Bill Stewart.

O-Ki-Hi Camp Fire Girls Host Hallowe'en Party at Hut Saturday

Members of the O-Ki-Hi group of Camp Fire Girls enjoyed a Hallowe'en party Saturday night at the Camp Fire Hut in West Hamlin. Sherilynn Witt and Glenda Hudspeth were hostesses for the gala affair.

Attendants came dressed as witches, spooks and goblins and many other funny costumes.

The refreshment table was covered in orange and black crepe paper and centered with a lighted jack-o-lantern surrounded with apples, persimmons, pomegranates and fall leaves.

Guests were served punch, cup cakes and popcorn balls, and given trick-or-treat bags filled with Hallowe'en treats.

About 35 enjoyed an evening of games and fun. Anne Shelburne won a prize for the funniest costume for the girls and Jerry Stuart won the prize for the boys.

Ferguson Circle of Methodist Women Has Prayer Program

"Week of Prayer and Self Denial" was the theme of the program of the Ferguson Circle of the Woman's Society of Christian Service of the First Methodist Church when it met at the home of Mrs. John D. Ferguson at 9:30 a. m. the fourth Tuesday of October.

Mrs. Tom Teague opened the session with prayer. The circle chairman, Mrs. Ferguson, presided at a business meeting.

Mrs. Teague, program chairman for the day, introduced the worship phase of the week of prayer, "The Secret of His Presence," giving "He Is Friend, Home, Refuge and Shelter." Mrs. E. R. Watson gave "Identified as the Stranger in Our Midst," and Mrs. Ferguson gave, after refreshments, "The Journey with Jesus." During the refreshment period Mrs. Teague read scriptures portraying "A Meal with the Master."

The six mission projects to which the offering will go was given by Mrs. A. A. Hackley. The meeting was closed by prayer.

Next circle meeting will be with Mrs. Hackley on the fourth Tuesday of November at 9:30 a. m.

Fisher County Club Women Sponsoring Insurance Program

Fisher County Home Demonstration Club women are sponsoring a program on health, accident and hospitalization insurance which will be Tuesday, November 10, at 2:00 p. m. in the meeting room of the REA building in Roby. Wilson Taylor of Lubbock, field representative for Travelers Insurance Company, will present the program. The program will help explain how to read and understand insurance policies, how much insurance one needs, what to look for in buying insurance and many other important things to know in buying insurance.

Purpose of the program is to help people understand health, accident and hospitalization insurance. The public is invited and urged to attend this meeting. If you have specific questions concerning this type of insurance, come and perhaps your questions can be answered.

Timely Pointers on First Aid Feature Meeting of Camp Fire Girl Leaders

Leaders and sponsors of the Camp Fire Girls, Inc. met for the regular monthly meeting Monday afternoon at 1:30 o'clock at the Blue Bird Hut in West Hamlin, when a clinic on first aid was conducted as a feature.

Present were Mmes. E. D. Perrin, Jack Wicker, Bill Feagan, Jack Russell, Wesley Nail, Bill Maberry, Sunny Holzmann, Carl Jones, E. J. Hawkins, Gerald Young, Jack Kelly, Paul Cooper and Carl Green.

The meeting was called to order by the president. The group discussed the annual candy sales for February, 1960.

Mrs. E. D. Perrin was in charge of the program. Topic of the program was first aid, in case of cuts, bruises, artificial respiration, electrical shock and snake bites. It was an interesting program, pointing out something everyone should know in case of an emergency.

Next meeting of the group will be Friday, November 20, at 1:30 p. m. at the Blue Bird Hut. Kirby Clayton, county agricultural agent from Anson, will be in charge of the program. All

mothers of Camp Fire and Blue Bird Girls are invited to attend this meeting.

IS "IRON-HUNGRY BLOOD" MAKING YOU ONLY "HALF" A WOMAN?

Then Discover The Wonderful Blood-Strengthening Action of This Iron Tonic Compound Especially For Women! Feel so tired, so run-down you can't be a real companion? STATE CAPITAL Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin.—Should all Texas public school teachers receive a raise, or should higher pay be a reward for being a better teacher?

This is one of the questions being debated as teachers flood Governor Price Daniel's office with letters asking for a special session of the Legislature next year to hike their salaries.

Other points of controversy: (1) How would you decide which are "better" teachers? (2) How do teachers' salaries compare with those of other college graduates?

Texas State Teachers Association is asking for a \$405-per-year boost in the present \$3,204 minimum annual salary.

R. W. Byram, State Board of Education member, has suggested giving teachers examinations to determine which should receive raises on the basis of merit. A bachelor's degree, Byram noted, is not a mark of "exceptional learning" in these days.

Choice, in Byram's view, is either better pay for the more competent teachers or a uniform scale pegged at a lower level.

Byram declared that teachers' salaries in the larger Texas cities which pay more than the statewide minimum already compare well with those of other professions. He said a beginning teacher in Houston gets \$444 a month, while a geologist or petroleum engineer may start with \$375 to \$425 with the necessity of living "where the job is."

A University of Texas job placement official challenged Byram's figures. Joe L. Bruns contended the Houston pay is tops, not typical, for the state and reminded that teacher pay is for only nine months a year.

On a 12-month basis, said Bruns, most Texas teachers average \$267 a month. He said UT's engineering graduates last year started at an average of \$490 per month.

In Austin, he said, the average

starting teacher has about \$220 a month take-home pay — not enough "to lure an able young man — particularly a married man."

Senate Committees—Lieutenant Governor Ben Ramsey has passed out between-sessions study jobs to 29 of the Senate's 31 members.

Key posts went to members who have made up the Senate's conservative leadership for a decade or more. Omitted from committees were Senators Henry B. Gonzalez of San Antonio and Andy Rogers of Childress, both regarded as liberals.

Named by Ramsey to the panels which will do advance research affecting 1961 legislation are: Legislative Budget Board—Senators William S. Fly of Victoria, Wardlaw Lane of Center, Crawford C. Martin of Hillsboro and Dorsey B. Hardeman of San Angelo.

Texas Legislative Council—Senators George Moffett of Chillicothe, Preston Smith of Lubbock, Neville Colson of Navasota, Abraham Kazen of Laredo and Bruce Reagan of Corpus Christi.

Commission to Study State and Local Tax Policy—Senators Fly, George Parkhouse of Dallas and Jimmy Phillips of Angleton. However, Phillips has announced his resignation from the Senate, effective November 2. He will join the legal department of Dow Chemical Company in Freeport.

Committee to Study Cost of Government—Senators Floyd Bradshaw of Weatherford, David Ratliff of Stamford, Ray Roberts of McKinney, Louis Crump of San Saba and Culp Krueger of El Campo.

Committee to Study Problems of the Aged—Senators Crawford Martin of Hillsboro, Grady Hazlewood of Amarillo, J. P. Fuller of Port Arthur, Doyle Willis of Fort Worth and Ratliff.

Educational Standards Commission—Senators Fly, Bradshaw and Roberts.

Commission on City and County Governments—Senators Robert Baker of Houston, Frank Owen III of El Paso and Crump.

Committee for State Health and Welfare Services—Senators Bill Wood of Tyler, Owen and Colson.

Committee to Study State Fiscal System—Senators Jarnard Seacrest of Temple, William T. Moore of Bryan and Crump.

Senate General Investigating Committee—Senators A. M. Alkin Jr. of Paris, R. A. Weinert of Seguin, Lane, Hardeman and Reagan.

Committee to Investigate Investment practices for State Funds—Senators Martin Dies Jr. of Lufkin, Charles F. Herring of Austin, Hubert Hudson of Brownsville, Lane and Crump.

Committee to Study Effects of Radiation—Senators Krueger, Reagan and Wood.

Burglary Without Consent.—If

MOST REASONABLE CREDIT TERMS

PIANOS, FURNITURE, HARDWARE AND

APPLIANCES FOR LESS AT BUIE'S

a burglar breaks into a house, the owner of the burglarized property must, if he testifies in court, state that he did not give the thief permission to enter the premises.

Court of Criminal Appeals has now reversed three convictions because property owner did not testify that he had not given consent for the defendant to take property from the site.

In one case the defendant confessed that he cut a hole in the ceiling of an office and stole a safe. However, in the appeals court opinion, it must be proven that the defendant was going against the wishes of the property owner.

Stop for School Bus.—Texas motorists are being urged to observe the law to the letter when they encounter a school bus on the streets or highways.

Ten children have been killed and 86 injured in school bus accidents since September 1, the Department of Public Safety reports.

Texas law requires that a car must come to a full stop when approaching from either direction a school bus that is taking on or letting off passengers. After a complete stop, the motorist may pass the bus at not more than 10 miles per hour.

Penalties for violation range up to a \$200 fine. "But the real

VISIT AT LIBERTY.

your electric co-op

turned night into day

HOME OWNED HOME OPERATED TAX PAYING

The poles are set, the lines are strung, bright lights have replaced the kerosene lamp, and the Electric Cooperatives have literally turned night into day in the rural areas.

But the electrical loads first delivered to the rural community by the Electric Cooperatives are increasing by the day. An improved community and more and varied uses for electric power mean more lines . . . and greater service facilities. So the job ahead of the Electric Cooperatives of Texas is a big one. That is why the cooperatives must not be deprived of the areas they served first . . . must not be driven out of the areas they helped to develop. All they ask is that they be given equal rights where they now serve.

Pied Pipers Go to Stamford Friday for Championship Tilt

Locals Have Fair Chance to Win, Backers Believe

Hamlin High School's Pied Piper football team, with eight straight victories, lay the best record of several years on the line Friday night when they meet the defending state AA champion Stamford Bulldogs on the Stamford grid.

And football spirit in the air both at Hamlin and Stamford is that the Pied Pipers might just take the tilt. Both teams will enter the fray with determination and little fol-de-rol.

The Bulldogs, likewise, have a string of tight victories for the season, including three wins over Class AAA teams—Sweetwater, Cleburne and Graham.

Coaches D. C. Andrews, Jimmy Vaughn and Neil Lammack of the Pied Pipers are priming their boys for a good try at the District 6-AA title for the first time in several years.

The Pipers are in good fettle for the melee, which gets underway at Bulldog stadium at 7:30 o'clock, says the coaches.

The biggest delegation of fans for the season is expected to follow the Pied Pipers to Stamford Friday night. Tickets for the fray are available now at all three Hamlin drug stores, school officials declare.

DISTRICT 6-AA STANDINGS

Virtual strength of teams of the District 6-AA football loop was manifested after last week's third go-round of conference tilts. Standings remained about the same, but Seymour was bopped from a three-way tie for top spot in district play.

Standings for the season and in district play looked like this after the week-end tilts:

Teams—	P.	W.	L.	T.	Pct.
Hamlin	8	0	0	0	1.000
Stamford	8	0	0	0	1.000
Seymour	9	5	3	1	.555
Anson	8	1	7	0	.125
Haskell	9	0	9	0	.000

Teams—	P.	W.	L.	T.	Pct.
Hamlin	2	2	0	0	1.000
Stamford	2	2	0	0	1.000
Seymour	3	2	1	0	.666
Anson	2	0	2	0	.000
Haskell	3	0	3	0	.000

Results Last Week.

Stamford 48, Haskell 0.

Hamlin 14, Seymour 0.

Where They Play Friday.

Anson at Haskell.

Hamlin at Stamford.

Seymour—Open date.

Town Bristling with Activity About Game

The old town is bristling this week with football spirit like it hasn't bristled in several years, as a prelude to the climactic tilt Friday night with the Stamford Bulldogs at Stamford.

Overhead sign on Central Avenue advertises the game. Signs on store windows and elsewhere are pegging the melee, and fans are talking encouragingly about the Pied Pipers' chances for victory. The biggest delegation of fans making an out-of-town game is expected to follow the gridders to the Northeast Jones County site of the fracas.

Stamford Drubs Haskell 48 to 0 in Friday Night Tilt

Stamford's defending AA state football champions did the expected thing Friday night by bopping the hapless Haskell Indians 48 to 0 in a District 6-AA tilt played at Haskell. It was the Bulldogs' eighth straight win and the Indians' ninth straight loss for the season.

Fullback Charlie Helmer was the Bulldog's leading scorer, going over the double stripe on five and six-yard plays in the first and second quarters. He also ran for two extra points.

A reserve quarterback, Bill Thompson, who passed for one touchdown, scored another and picked up two points on conversions.

Between Helmer's first and second period touchdowns was a 20-yard touchdown run by reserve halfback Mark Hinson, after which Thompson kicked the point. The Bulldogs' fourth marker came in the second period on Thompson's 22-yard pass to reserve halfback Ronnie Biggs. Thompson kicked the point.

Going into the second half with a 28 to 0 lead, Thompson hit the scoring trail early in the third period with a five-yard keeper. Halfback Ronnie Gerloff tallied in the fourth period with a 14-yard run, with Duane Lindsey kicking the extra point.

Final touchdown was accounted for by Ronnie Biggs when he powered over from the one-yard spot. Gerloff kicked the extra point.

Stamford made 14 first downs with 204 yards on the ground and 71 yards in the air with five completions of 12 pass tries. Haskell made eight first downs with 114 yards rushing and 39 yards passing, completing six of 19 passes.

Be prepared; Stay repaired.

Pied Pipers Defeat Seymour 14 to 0 to Make It Eight Grid Victories in Row

Merrily playing their piccolos (or whatever Pied Pipers play when they are on the warpath), the gridders of Hamlin High School Friday night continued their winning streak and ran up their skein to eight in a row as they blanked a heavy and fighting Seymour Panther crew 14 to 0 on the Pied Piper griddle before a throng of fans from the two towns.

The Piper victory virtually put them on the spot as the hope of the four under-dog teams to do something with the Stamford Bulldogs, come Friday night.

The victory drapped Seymour from the three-way tie that existed before the game. It was the Pipers' second District 6-AA win.

Leading the attack for the Pied Pipers were Fullback Sam Hodges and Halfback Ken Prewitt, while Quarterback Mike Bond engineered the game in a masterful way.

Prewitt racked up 97 yards on the ground in 18 carries, while Hodges made 94 yards in 19 totes of the pigskin. Bond completed four of nine passes for 87 yards, one pass resulting in a touchdown.

Hornets of Blackwell Drub McCauley in Six-Man Football Tilt

Albert Sneed scored three touchdowns and passed for a fourth Thursday night at Blackwell as the Blackwell Hornets defeated the McCauley Eagles 43 to 6 in a District 4 six-man grid tilt.

Blackwell has won four and lost five games in the double round robin play, while McCauley has lost all nine of her games.

Sneed scored on runs of 40 and 15 yards and caught a 45-yard scoring pass from Larry Estes, then pitched a 50-yard scoring pass to Wayne King.

Estes scored two touchdowns on runs of 40 and 20 yards, and Jimmy Cate tallied the seventh Blackwell touchdown on a three-yard plunge. Sneed passed to Gayland Thorn for one extra point.

McCauley recovered a fumble over the goal line for its lone touchdown.

Tickets for Friday's Game on Sale Here

Tickets for Friday night's football classic between the Hamlin Pied Pipers and the Stamford Bulldogs on which hinges the district championship, were still available Wednesday at all three Hamlin drug store, school officials said. More than 400 tickets had been sold by mid-week, and some 350 more were made available.

The new batch of tickets are within the 35-yard lines on the east stands, which have been assigned to Hamlin.

After a scoreless first quarter, the locals made their first counter late in the second quarter as Bond tossed an aerial to Victor Criswell from his 44-yard spot, and Criswell went 25 yards for the first score. Jerald McCannies almost succeeded in running over two extra points, but was stopped near the goal line by a gob of determined Panthers.

The Pipers almost succeeded in scoring again in the final seconds of the half after recovering a Panther fumble at the Seymour 37-yard position and moving inside the one-yard spot as time ran out.

Just two minutes deep in the fourth quarter the Hamlin lads marked again. Frankie Lee, playing at fullback, went through right guard for three yards and the touchdown. Then Quarterback Bond used the same spot for Lee in scoring the extra two points.

The game, played during an overcast, drizzly night, provided several fumbles for both teams. Hamlin lost two fumbles and Seymour lost four.

The Pied Pipers racked up 17 first downs with 230 yards on the ground and by completing five of 12 passes for 104 yards. Seymour made six first downs with 130 yards gained on the ground and 38 yards made by completing three of six passes.

A slight ball and heavy field made the punts weak. Hamlin averaged only 18.3 yards on three punts, and Seymour averaged 27.8 yards with seven punts.

Playing outstanding games in the line for Hamlin were Gary Cooper, Tommy Bonds, David Bonds, Gary Williams and Tote Shields.

More Hunters Back From Cool Colorado

More Hamlin area deer hunters returned over the week-end from hunts in Colorado.

A party composed of Bill Feagan of Hamlin, Richard Feagan and John Ireland of Abilene and Doyle Jacobs and E. B. Clifton of Anson brought back four deer and one elk. They hunted in the territory north of Cortez, Colorado.

The hunters reported they had difficulty getting out of the hunting area due to heavy snows.

Have you heard about the Texas tycoon whose car went out of control and smashed a dozen cars before he could stop it? Luckily it happened in his own garage.

Chili Supper Slated Before Friday Game

As a prelude to the Stamford-Hamlin football game Friday

night at Stamford, the Jaycees of the host town will stage a chili and bean supper in the Stamford High School cafeteria, Hamlin fans are advised.

The supper, being served from

5:30 to 7:30, will include chili, beans, crackers and drinks, and will be 75 cents per plate.

If driving, when you're weary, be wary!

Egg Producers . . . Do Not Pass Up This Unusual Opportunity . . .

HOW TO BE ABSOLUTELY SURE OF

Income Equal to 10% More Eggs!

for the First 30 Days after Switching to Nutrena!

Run this 30-day Performance Test with Your Own Flock!

Here's our cash-on-the-line offer: Switch from whatever ration you're presently feeding to any Nutrena egg feed. If you do not get at least 10% more eggs during the first 30 days on Nutrena than you got during the previous 30 days, Nutrena will pay you the difference in cash!

For example, let's assume you got 500 dozen eggs from your flock last month. You must either get 550 dozen eggs in the next 30 days or Nutrena will pay you the difference between your actual production and 550 dozen eggs at the current market price.

No one, not even Nutrena, can guarantee that you will get 10% more eggs under all circumstances. But by signing up for Nutrena's 30-day performance test, you're absolutely sure of either 10% more eggs or the equivalent income in cash.

There are no catches, no strings, no unreasonable conditions. If your flock is not obviously diseased or molting, this performance test is offered to you in all good faith when you switch to Nutrena from any other brand of egg feed.

So don't miss out on this unusual opportunity. You must sign up and start Nutrena's 30-day performance test before December 31. Don't wait. See us for the details today. Start now enjoying the benefits of a Nutrena egg feed program.

DePriest School to Observe American Education Week

Members of the junior and senior classes at DePriest Colored School will be in charge of the programs next week as the institution observes American Education Week, according to Principal I. J. Starr. The classes have planned special programs each day, and are expecting to see their friends and parents in the audiences during the week.

The students will present two panels and three guest speakers during the week. Monday, Hester Jean Doty and Thomas Fry Jr., eleventh grade students, and Etta Jean Martin and Judith Douglas, twelfth grade students, will appear on a panel, discussing "Educational Opportunities through School Activities."

Tuesday Rev. J. L. Johnson, pastor of the Oak Grove Baptist Church, will discuss "What Is a Teacher?"

Wednesday, C. F. Cook, superintendent of schools, will appear before the student body and discuss "World Affairs Are Everybody's Affairs and How We Can Help Solve Them."

Thursday, Mrs. Joyce Covington and Mrs. Adelle Thompson, parents, Mrs. Oda L. Mosley, teacher, and Lillie R. Titus, student, will present the subject "Our Responsibilities to Education."

On Friday John E. Turner, minister of the Church of Christ, will discuss "How Can We Work for Better School and Community Relationship?"

Programs on Monday and Tuesday will be held in the school auditorium at 1:45 p. m. Programs on Wednesday, Thursday and Friday will be held at 11:15 a. m. The high school choir will furnish special music. To all of these programs the public is invited, declares Starr.

Rev. Edgar Jones to Breckenridge Church

Rev. Edgar Jones, pastor of the Inglewood Baptist Church at Grand Prairie for three years, has accepted pastorate of the First Baptist Church at Breckenridge. He succeeds Rev. Byron Bryant, who resigned May 1 to become public relations director at Hardin-Simmons University at Abilene.

Rev. Bryant has been serving also as interim pastor of Hamlin First Baptist Church since September 1.

Governor Daniel to Head Speakers at Farm Bureau Confab

Governor Price Daniel of Texas heads an impressive slate of speakers at the twenty-sixth annual convention of the Texas Farm Bureau, to be held November 8 to 11 at the Hilton Hotel in San Antonio. A delegation to be headed by C. E. Gregory of Hamlin will attend from Jones County.

Other guest speakers include Congressman George Mahon of Lubbock, chairman of the military appropriations subcommittee of the House appropriations committee; Chester A. Lauck, who is better known as "Lum" of the "Lum and Abner" radio team; John C. Lynn of Washington, D. C., legislative director for the American Farm Bureau Federation; Herman Aaberg of Chicago, commodity specialist for the ATFB; and Mrs. Robert Crane of New Jersey, vice chairman of the ATFB women's committee.

Market Poultry & Egg Company Is Dealer For Nutrena Feeds

Market Poultry & Egg Company in Hamlin has been appointed dealer for the territory for Nutrena livestock and poultry feeds, it is announced by the Nutrena Mills.

Nutrena is one of the Southwest's largest manufacturers of feeds, having been in operation for more than 30 years. Nutrena also is being handled by Market stores at Haskell and Rotan.

Mr. and Mrs. Sam Wilcox, operators of the local concern, in cooperation with Nutrena, offer poultry raisers of the Hamlin region a guarantee of 10 per cent increase in egg production under the Nutrena feeding plan. See the Market ad in today's Herald.

Seniors Make \$56 on Service Station Sales

Besides gaining experience and making new friends, members of the senior class of Hamlin High School made \$56.60 profit at Robertson's Service Station and Store Saturday. The seniors wish to thank everyone who helped to make the project a success. Proceeds will be added to the senior trip fund.

A chili supper will be sponsored by the seniors Saturday at the high school cafeteria. It will be from 5:30 to 7:30, immediately preceding the carnival. Tickets will be 75 cents per plate. The seniors also will sponsor two booths at the carnival, bingo and ring toss.

J. S. Reynolds Dies at Home in Weatherford

J. S. Reynolds, former long time resident of the Hamlin community, died at his home at Weatherford early Tuesday morning. Had he lived until November 12 he would have been 93 years of age.

The pioneer fell in August and broke a hip and has not been well since. He is survived by his wife and three children, Mrs. M. Reynolds of Weatherford, Jimmy Reynolds of Mineral Wells and Nellie Pearcy of Anson.

Funeral services were conducted

Orville D. Rolands Go to Anniversary Party at Greenville

Orville D. Roland and family attended the golden wedding anniversary of his parents, Rev. and Mrs. B. D. Roland, at Greenville Sunday.

A reception was held in the home of a daughter, Mrs. Phil B. Pennington. Three children and their families were present.

at the Cotton-Bratton chapel at 2:30 Wednesday afternoon in Weatherford, with burial in the cemetery at Aledo.

It is often the case when a person thinks twice about something, he has to think a third time to play off a tie.

A four-tier cake, with rosebud frosting trimmed with golden sugar wedding bells, was served with orange-cinnamon tea or coffee to some 90 friends and guests who called.

Wedding vows were renewed by the couple in solemn rites performed by Dr. W. W. Wright, a long time family friend.

Appearance of several children and their families added to the surprise of the occasion.

VA Regional Office Slates Open House

Veterans Administration regional office, 1612 Nineteenth Street, Lubbock, is holding open house on Tuesday, November 10, from 9:00 a. m. to 4:00 p. m., commemorating Veterans Day. VA installations all over the nation will be holding open house.

Robert W. Sisson, manager of the Lubbock office, in extending an invitation to everyone to visit the office, said: "We shall be happy to have anyone visit with us who is interested in veterans' problems and the operation of our office."

Pep Rally Scheduled For Friday Afternoon

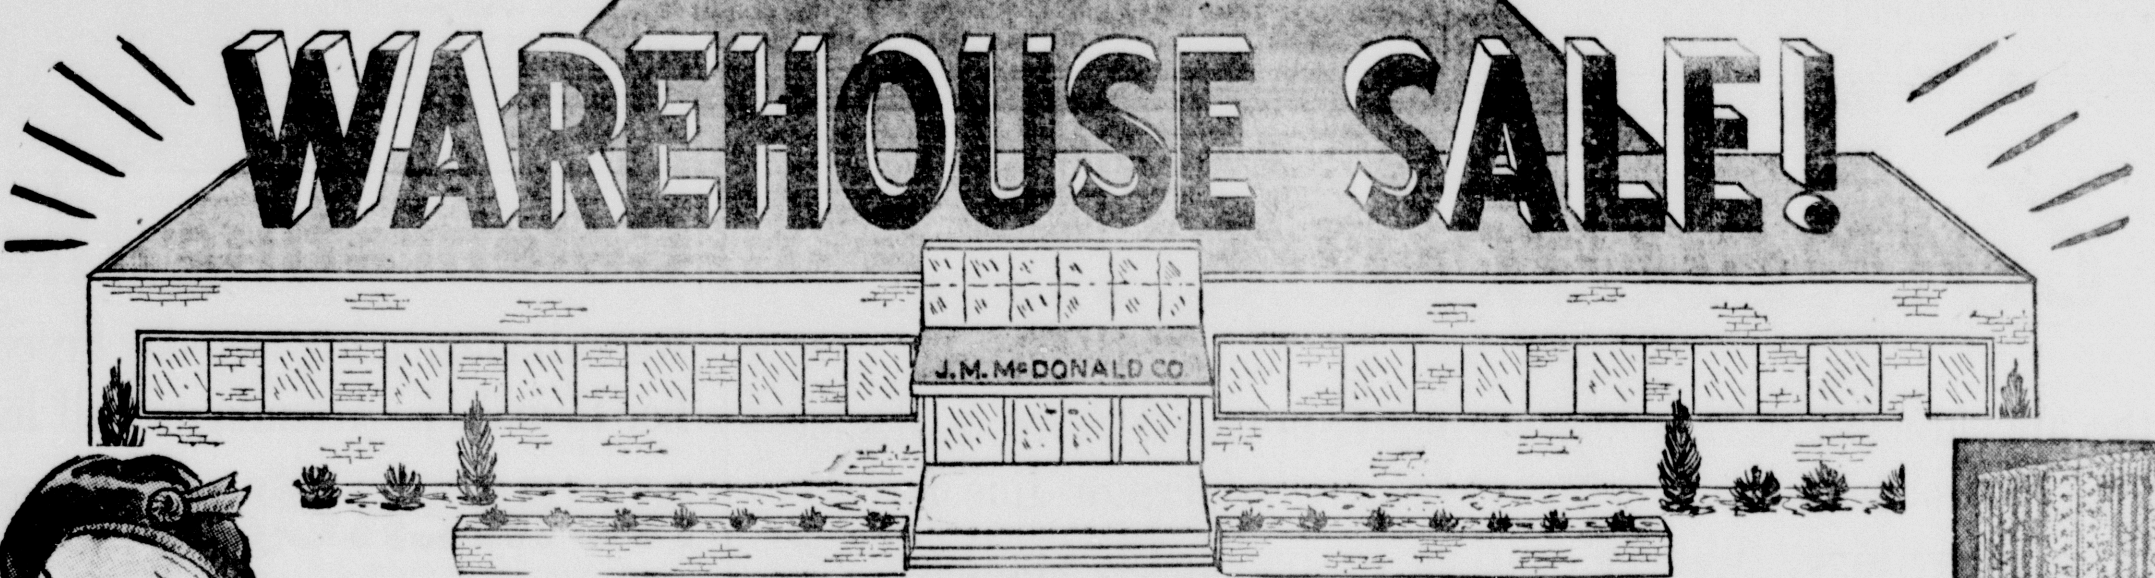

Special pep rally for both school students and boosters of the Hamlin community is scheduled at 3:00 o'clock tomorrow (Friday) afternoon at Hamlin High School, it is announced by officials of the Pied Piper Booster Club, sponsor of the event.

The rally will be held in the high school auditorium, immediately before the Pipers leave for Stamford. The affair will be rousing but brief, say Booster Club leaders.

Men wonder what the future holds in store. Women wonder what the store will hold in the future.

Statement of Ownership, Circulation, Etc. of The Hamlin Herald Published

Statement required by act of August 24, 1912, as amended by the acts of March 3, 1933, and July 2, 1946, (Title 39, United States code, Section 233) showing the ownership, management and circulation of The Hamlin Herald, published weekly at Hamlin, Jones County, Texas, for October 1, 1959.

1. The name and address of the publisher, editor, managing editor and business manager is Willard Jones, Hamlin, Texas.

2. The owner is: Willard Jones, Hamlin, Texas.

3. The known bondholders, mortgagees and other security holders owning or holding one percent or more of total amount of bonds, mortgages or other securities are: Farmers & Merchants National Bank of Hamlin, Texas; Mrs. Rose Reader of Stephenville, Texas.

4. Paragraphs 2 and 3 include, in cases where the stockholders or security holder appears upon

the books of the company as trustee or in any fiduciary relation, the name of the person or corporation for whom such trustee is acting; also the statements in the two paragraphs show the affiant's full knowledge and belief as to the circumstances and conditions under which stockholders and security holders who do not appear upon the books of the company as trustees, hold stock and securities in a capacity other than that of a bona fide owner.

5. Llano County Girl to Represent District for Farm Bureau Queen

An attractive Llano County girl will represent 16 counties in this area in the state finals of the 1959 Texas Farm Bureau queen contest November 9 in San Antonio.

She is Jane Lou Nixon, 17-year-old daughter of Mr. and Mrs. Reuben Nixon of Valley Spring. Jane Lou was selected District 7 queen in a contest held September 5 at Stephenville.

At the state contest, which will be held in conjunction with the twenty-sixth annual convention of the Texas Farm Bureau, Jane Lou will compete with 12 other district winners for the state title. The winner will receive \$500 to cover expenses for herself and a matron escort in attending the American Farm Bureau Federation convention in December in Chicago.

Jones County, Texas (My commission expires June 30, 1962).

Many New Technical Training Courses in Army Schools Open

Sergeant First Class Tourville of the United States Army recruiting service announced the opening of 139 new technical training courses effective October 1. These courses include schools in electronics, surveying, nuclear weapons assembly, welding, drafting, automotive mechanics, airplane repair, helicopter repair, photography, intelligence, medical procedures, x-ray procedures and others.

Young men and women interested in this schooling will be processed upon application and qualified applicants will have their courses reserved for them at that time, and will leave Abilene for initial training in mid-October.

For further details on these assignments prospects are requested to contact Sergeant Tourville at 900 North Third Street, Abilene, or call collect Orchard 2-5665 as soon as possible before quotas for the most popular courses are filled.

High School Juniors to Sell Pastries Saturday

Plans are being made for the school carnival Saturday evening by members of the junior class. The class will be traditionally sponsoring the cake walks. The cakes will be home-made, and no mixes will be used, declares the junior class president, Michael Bond.

The second junior class booth will be a "ball bounce," which is a board with 10 holes drilled in it, into which the player will try to place the ball. Each player will place a dime on the numbered hole of his choice, and the winner is the player's spot where the ball stops. A choice of three categories of prizes will be given to winners.

FILING TRIAL RECIPES.

Paste a large sturdy envelope in the back of your favorite cook book. Put in untried, clipped recipes until you have time to test them and decide whether you want to file them in your permanent collection.

NEXT FOOD FORWARD.

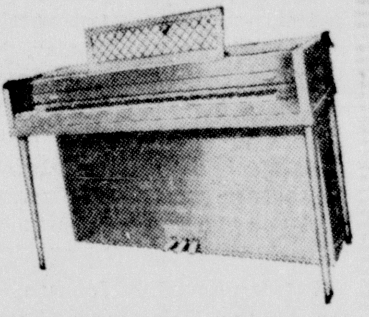

The diner summoned his waiter. "How is it," he demanded, "that when I ate here last night I was served with a steak twice as big as the one you've given me tonight?"

"Where did you sit last night?" queried the waiter.

"Near the window," replied the exasperated customer.

"Ah, well," said the waiter, "that explains it. We always serve large portions to customers who are sitting near the window. It makes for good advertising!"
